# IYA KHOROVA

JUNIOR JAVASCRIPT/REACT DEVELOPER

## EDUCATIONAL BACKGROUND

**OpenClassrooms (France)**
Associate's level professional certificate in Web Development | 2023

**Paris-Sorbonne University (France)**
MA in Applied Linguistics | 2014

## EXPERIENCE

**IT Projects: Portfolio**
Junior Front-end/JavaScript Developer | since 2023

- Portfolio of an architect: a website featuring the work of an architect. Constructed using Vanilla JavaScript, the site communicates with an API, allowing for dynamic content updates.
- Kasa Apartments: front-end of an apartment rental platform. Using React Router for navigation and styled with SCSS, the app is enhanced with custom elements, such as a carousel slider.
- Vieux Grimoire Books: back-end of a book rating website. Using Express.js to implement a REST API and MongoDB to stock the data, the app is protected according to OWASP security guidelines.
- Snake Game: an interactive browser game written in Vanilla JavaScript and using Object-Oriented Programming principles, such as inheritance and encapsulation.
- HLegal landing page: A responsive landing page of a legal company. Written in maintainable HTML/CSS and incorporating CSS animations and jQuery plugins for added interactivity.
- My portfolio website: a dynamic landing page showcasing my works as a web developer. Crafted with React Styled Components and featuring some CSS animations and Ant Design components.
