Product Manager/Product Owner bridging the technical and people sides of product. BSc in Web Development, MA in Linguistics, PSPO II certified. Fluent in Agile/SAFe and B2B SaaS. Former French educator with 10+ years in EdTech. Ukrainian, English (C2), French (C2).

CERTIFICATION

PSPO II

Professional Scrum Product Owner II

EXPERIENCE

Product Manager · Broken Build · Remote SINCE JULY 2025

Agile reporting apps for Jira/Confluence, helping organizations advance their Agile maturity. Used by 3,000+ companies, including Amazon, Intel, and NASA.

- Run continuous discovery (demos, calls, support); prioritize the Jira Product Discovery backlog based on customer voice, business goals, and competitive signals.
- Own the Mixpanel analytics taxonomy across the full app portfolio; built it from scratch for a previously untracked app.
- Led two growth initiatives: in-product entry points for activation, and revival of a maintenance-mode app targeting trial growth, conversion, and MRR increase.
- Co-lead an AI research agent initiative to surface content and product priorities.

Technical Product Owner · Actifile · Remote (Israel)

JUNE 2024 - JULY 2025
B2B data security platform (DLP/DSPM) for sensitive data discovery, classification, and encryption.

- Drove the Docker-to-Windows cloud deployment transition, coordinating stakeholders and dev team to lower the activation barrier for partners.
- Wrote and shipped 5 interactive product tours and UX improvements directly in the React codebase.
- Ran B2B demos and discovery calls; synthesized feedback into backlog items and product decisions.
- Performed UAT in technical environments (CLI, cloud) alongside IT admin end users.
- Owned the full self-service layer: knowledge base, release notes, API docs, and learning materials.

Freelance Product & Technical Writing · Remote 2024 - PRESENT

- User research with French-speaking professionals for an AI-powered urban planning assistant (CityCode).
- API guides, KB content, and developer docs for Glenflow, Datagrok, and Actifile.

Instructional Designer & Language Educator · Freelance

2014 - 2024
Kyiv, France, and Remote.

- 7,000+ French classes on italki and Preply; top 2% in-demand teacher, selected to beta-test group courses.
- Built a French-learning Instagram account to 10K followers.
- Training and content for Institut français d'Ukraine, French Embassy, US Embassy, and EU Delegation to Ukraine.
